Mr. Craig Perkins, Director
City of Santa Monica
Department of Environmental and Public Works Management
1685 Main Street
Santa Monica, California 90401-3205

Dear Mr. Perkins:

The California Environmental Protection Agency (Cal/EPA), Department of Toxic Substances Control, and the State Water Resources Control Board conducted a program evaluation of the City of Santa Monica Environmental Programs Division Certified Unified Program Agency (CUPA) on May 8 and 9, 2007. The evaluation consisted of a review of program elements, an in-office program review, and field oversight inspections, by State evaluators. The evaluators completed a Certified Unified Program Agency Evaluation Summary of Findings with your agency's program management staff. The Summary of Findings includes identified deficiencies, a list of preliminary corrective actions, program observations, evaluator recommendations, and examples of outstanding program implementation.

Cal/EPA has received documentation of corrective actions taken by the City of Santa Monica Environmental Programs Division for the deficiencies found during the evaluation process. After reviewing the Evaluation Summary of Findings and the documentation of corrective actions, Cal/EPA finds that all deficiencies noted in the Evaluation Summary of Findings have been corrected.

Cal/EPA appreciates the actions taken by the City of Santa Monica Environmental Programs Division. Based on these corrections, Cal/EPA has modified the City of Santa Monica's rating on the evaluation from satisfactory with some improvement needed to meets program performance standards.
